CUT TO 10 MILES BY NEW ORDINANCE

MAIL TRUCK SPEED

All Motor Vehicles Except Fire they broke with unprecedented vio-Apparatus Will Be Affected Tore by La Guardia Measure.

No nuto truck or other motor vehicle

for the transportation of freight may be operated in this city at a speed greater than ten miles an hour, acat this afternoon's meeting of the Board of Aldermen by Aldermanic President La Guardia. There is a sorted to only for power purposes on Fein have been invited to meet Prime hills or muddy roads. Trucks must be equipped with automatic governors or speed regulators, which are set and sealed.

are regarded as the chief offenders. Lloyd George to-morrow to talk over will have to conform to the terms of the question of an Irish settlement. the ordinance, President La Guardia 10% says, but adds that fire apparatus are excepted.

Asked if ambulances should not also be exempted from speed limit, President La Guardia replied that no ambulance was justified in being driven at a life-taking speed in order to save life. He cited legal opinions to back up his contention.

"Hasn't it always been held that mail trucks racing for a train are permitted to speed?" the Aldermanic President was asked "The United States mail is not as

sacred as human life," he replied "Mail drivers are employed by pri quences. They have been arrested in the past and they will be in future if they don't install the ten-mile-anhour seals on their motors. The city's ordinances now in effect do not give mail wagons speed rights, but right of ceuse. Anyway, the days of the speeding mail trucks are numbered Mail tubes, which were aboushed for eight years because of rottin politics. are coming back"

When an agrest is conde for speed ing under the provisions of the pro-It shall be punishable by imprison-ment not to exceed thirty days. There is no provision for fines, the assumption being that every visiting

must go to fail.
The police shall have charge of the scaling and control of speed regularious fors. Within thirty days after the Mayor signs the ordinance, it is fire ther provided, speed governors must ise installed on all motor trucks. Thirty days after that the ord nan e shall become fully operative. A fee of \$2 shall be charged for scaling gov-

SINN FEIN CONFER

WITH LLOYD GEORGE

ULSTER HOME RULE

Minister Lloyd George in Downing Street to-day to discuss the Ulster difficulty, with a view to the interview United States mail trucks, which Sir James Craig is to have with My

> To-day's meeting will not be recorded as a conference and it seems probable that no communique regarding it will be baused.

> The Sinn Fein already knows unof ficially the nature of the Ulster Promier's reply to the Government, rejecting the Government's settlement plan, but fince that roply was made the Premier has been considering wartous propositis for a possible reconciliation of the respective views of the Northern and Southern Irish rep

> Neither Ulster nor the San Fein however, is satisfied with any of resistance to an Ali-Ireland Parin tion in that body,

> So for these concessions are said not to have appealed to the Ulater Premier, while the Sinn Fein, I is asserted, remains determined not to concede Ulster any privileged pos-

with apparent approval in high Government circles is to give the North and the South equal representation posed ordinance and it is learned that and the South equal representation a governor or speed regulator and in an All-Ireland Parliament, but been broken or described, this shall be considered prima facile evidence meanwhile requiring a sixty-five per of an attempt to evade the law and leads the households are impresent.

COPPERS

Merger Rumors, Advancing Quotations and Possibilities Conviction is growing in Wall Street that at least three manmoth copper mergers are under consideration. Last summer copper sold at 11½c per pound as against present quotations of 13½c.

Copper interests state that consump tion of copper is now at the rate of 125,000,000 pounds monthly, of which 75,000,000 pounds are being withdrawn from surplus now placed at between 500,000,000 and 600,000,000 Copper is a commodity which cannot

spoil either in storage above ground, or in its native state underground. Those, therefore, who purchase good copper stocks now and will exercise sufficient patience to await three developments which must come, namely, the depletion of the present copper surplus, the reopening of the mines and the resump-tion of dividend payments, should be able to secure substantial profits on all purchases at current prices.

Our Special Service Bulletin, Just Issued, gives an exhaustive study of copper and the leading market favorites.
